To the Directors of **Operation Springboard**

Opinion

We have audited the financial statements of Operation Springboard (the "Organization"), which comprise the balance sheet as at March 31, 2020, and the statements of revenue and expenses, changes in fund balances and cash flows for the year then ended, and notes to the financial statements including a summary of significant accounting policies (together, "the financial statements").

In our opinion, the accompanying financial statements are prepared, in all material respects in accordance with the provisions of the Organization's funding agreements with certain Provincial and Federal Ministries and Municipal Government departments.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Organization in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter - Basis of Accounting and Restriction on Use

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared to assist Operation Springboard to comply with the financial reporting provisions of the funding agreements with certain Provincial and Federal Ministries and Municipal Government departments. As a result, the financial statements may not be suitable for another purpose. Our opinion is not modified in respect of this matter. Our report is intended solely for certain Provincial and Federal Ministries and Municipal Government departments and should not be used by parties other than the intended users.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the basis of accounting described in Note 2; this includes determining that the basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Organization's ability to continue as a going concern, disclosing, as applicable, matters related to a going concern and using the going concern basis of accounting unless management either intends to liquidate the Organization or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Organization's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to
 fraud or error, design and perform audit procedures responsive to those risks, and obtain audit
 evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not
 detecting a material misstatement resulting from fraud is higher than for one resulting from error,
 as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override
 of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures
 that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
 effectiveness of the Organization's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Organization's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Organization to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

March 31, 2020

1. Purpose of the organization

Operation Springboard ("Springboard" or the "Organization") builds stronger communities by helping at risk and vulnerable youth and adults through critical transitions in their lives with a focus on community justice, employment and developmental disability services. The Organization was incorporated under the Ontario Corporations Act in 1974 as a not-for-profit organization without share capital and is a registered charity under the Income Tax Act.

2. Summary of significant accounting policies

Basis of presentation

The financial statements have been prepared in accordance with the accounting principles stipulated by Springboard's funding agreements with certain Provincial and Federal Ministries and Municipal Government departments for the purpose of satisfying filing requirements. These agreements reflect Canadian accounting standards for not-for-profit organizations with the exception of the accounting for capital assets.

Use of estimates

The preparation of financial statements in accordance with the basis of presentation as stated above requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the year. Actual results could differ from those estimates. Balances and disclosures which reflect estimates include accounts receivable, accrued liabilities, and the fair value of the mortgages payable.

Fund accounting

The accounts of Springboard are classified for accounting and reporting purposes into funds in accordance with specified activities or objectives in order to recognize restrictions on the use of resources.

March 31, 2020

2. Summary of significant accounting policies (continued)

Springboard maintains three funds:

Capital assets fund – This fund segregates the land and building balances and related financing from the other fund accounts. The fund balance is increased by capital asset additions, repayments of mortgage principal and special transfers from the Board restricted fund, and is reduced by capital asset disposals.

Board restricted fund – The Board of Directors established a separate Board restricted fund from which it can draw monies to seed new activities, fund research and award scholarships. The use of these funds along with any interest income earned on them, is internally restricted based on conditions imposed by Springboard's Board of Directors.

Operating fund - The Operating fund records the operating activities of the Organization.

Revenue recognition

Springboard follows the deferral method of accounting for restricted contributions. Revenue is recognized on the accrual basis in the year in which the related expenses are incurred.

Fundraising revenue includes revenue from community campaigns, events, and other donations, and is recognized as revenue when received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured. Donation pledges are not recognized as revenue until received.

Restricted investment income is recognized as revenue in the year in which the related expenses are incurred. Unrestricted investment income is recognized as revenue when earned. Investment income is included in other revenue in the statement of revenue and expenses.

Allocation of expenses

Certain officers and employees perform functions for various programs. As a result, salaries and benefits are recorded directly to those programs based on the estimated time spent on each program. Springboard does not allocate administrative expenses to programs.

Financial instruments

Accet/Liability

Springboard initially measures its financial instruments at fair value and subsequently measures its financial instruments as follows:

Assertiability	Wedsarement
Cash and restricted cash	Fair value
Accounts receivable	Amortized cost
Restricted capital reserve investments	Amortized cost
Board restricted reserve investments	Amortized cost
Accounts payable and accrued liabilities	Amortized cost
Mortgages payable	Amortized cost

Measurement

March 31, 2020

2. Summary of significant accounting policies (continued)

Capital assets

Capital assets, other than land and buildings, acquired during the year are charged to operations and are classified to match the expenditure with the corresponding funding revenue as required by the various funding agreements.

Land and buildings are recorded at cost plus the cost of improvements which have been financed through mortgages, loans or general operating funds. No amortization is provided on land and buildings.

Donated services

Volunteers contribute a significant number of hours to assist Springboard in carrying out its service delivery, administration, as well as Board and advisory activities. Due to the difficulty in determining fair value, such contributed services are not recognized in the financial statements.

3. Accounts receivable	2020	2019
Government funder receivables Property tax receivable Other receivables	\$ 214,694 29,514 217,982	\$ 685,359 29,527 219,802
	<u>\$ 462,190</u>	\$ 934,688

4. Restricted capital reserve investments

Springboard is required to contribute set amounts to a restricted capital reserve fund as a condition of operating certain properties. These requirements are tied to mortgage financing provided by the Canada Mortgage and Housing Corporation. The funds are invested in a low-risk investment portfolio in accordance with each of the funder's requirements in the following amounts:

March 31, 2020

4. Restricted capital reserve investments (continued)

	 2020	 2019
Canada Mortgage and Housing Corporation City of Toronto	\$ 391,497 76,178	\$ 365,169 75,525
	\$ 467,675	\$ 440,694

5. Board restricted reserve investments

Board restricted reserve investments are invested in a low-risk investment portfolio.

6. Capital assets

	_	2020 est and net book value	2019 ost and net book value
976 College Street, Toronto 335 Leslie Street, Toronto - Frank Drea House 2303-5 Gerrard Street, Toronto - North Beaches Residence 230 Beverley Street, Toronto - Terry Fox House 51 Dawes Road, Toronto - Blue Jays Lodge	\$	456,586 361,886 353,653 350,000 260,342	\$ 456,586 361,886 353,653 350,000 260,342
	\$	1,782,467	\$ 1,782,467

7. Accounts payable and accrued liabilities

Included in accounts payable and accrued liabilities is \$Nil (2019 - \$Nil) in government remittances payable.

8. Deferred revenue and program advances

Springboard receives funds from government and other funding sources for restricted use on specific programs, services or projects.

Deferred revenue represents restricted funds for programs, services, projects, gaming and other activities that are in process as at the end of the fiscal year. Due to their restrictive nature, any excess funds from completed programs, services or projects are either returned to their originating source or taken into revenue after Springboard receives the appropriate approval and matched with expenditures incurred.

Program advances represent unused funds for programs, services or projects that were completed as at the end of the fiscal year. These funds are repayable to their originating source.

March 31, 2020

8. Deferred revenue and program advances (continued)

Springboard engages in negotiations with funding sources to retain these funds where possible to meet any unfunded program, service or organizational need.

The continuity of deferred revenue and program advances for the current year are as follows:

	Beginning balance	Receiv	<u>ed</u>	Used	 Ending balance
Deferred revenue Program advances	\$ 898,857 \$ 232,755	\$ 285,4 \$ 5,0		\$ 360,800 \$ 106,367	\$ 823,499 \$ 131,392
9. Mortgage payable

			\$		\$ 19,394
Minimum annual principal payments	are as follows:				
2021			\$	19,394	

Interest expense for the year amounted to \$463 (2019 - \$985).

March 31, 2020

10. Commitments

Lease commitments

Springboard has commitments for its leased equipment and premises expiring in fiscal 2026. The approximate future minimum annual lease payments are as follows:

2021 2022 2023 2024 2025 Thereafter	\$ 398,705 314,059 107,547 106,651 2,717 679
	\$ 930,358

11. Bank indebtedness

Springboard has a secured line of credit with the Royal Bank of Canada of up to \$500,000 with a variable interest rate of prime plus 0.7%. This facility is secured against a first ranking general security agreement on all assets of Operation Springboard and a first mortgage on the property situated at 230 Beverley Street in the amount of \$500,000. As at March 31, 2020, \$Nil (2019 - \$Nil) was outstanding.

12. Pension plan

Springboard provides pension benefits to eligible employees through a defined contribution pension plan and Group Registered Retirement Savings Plan. Voluntary contributions are made by participating employees and Springboard in accordance with established contribution rates. For the pension plan's year ended December 31, 2019, Springboard incurred \$207,404 (2018 - \$243,059) as its pension contribution expense. It is management's estimate that this expense amount does not significantly differ than the amount incurred during Springboard's fiscal year.

13. Service contracts

Springboard has various contracts with Federal, Provincial and Municipal funding bodies. Reconciliation reports and separate audited or reviewed statements summarize, by funder service or project code, all revenue and expenditures and identify any resulting surplus or deficit that relates to these service contracts per specific funder requirements.

14. Ministry of the Attorney General funding

Springboard has a number of service contracts with the Ministry of the Attorney General. A reconciliation report summarizes, by contract, all revenue and expenditures and identifies any resulting surplus or deficit that relates to the service contract. The following summarizes current year activity with the Ministry:

March 31, 2020

14. Ministry of the Attorney General funding (continued)

Program	Revenue	Expenses	Net	Cash Funding	Receivable (payable)
Youth Justice Committee	\$ 132,600	\$ 132,600 \$	- \$	132,600	\$ -
Community Justice Worker	286,000	286,000		286,000	
	\$ 418,600	\$ 418,600 \$	<u>-</u> <u>\$</u>	418,600	<u> </u>

15. Federal government funding

Springboard has a number of service agreements with the Canadian Federal government. The following reconciliation report summarizes, by funding Ministry, all revenue and expenditures and identifies any resulting surplus or deficit that relates to the service contracts.

Funder	Funding Initiative/ <u>Program</u>	Revenues	Expenditures	Net
Health Canada	Substance Use & Addictions Program	\$ 940,304	\$ 940,304 \$	-
Justice Canada	Youth Justice Fund	<u>195,565</u>	<u>195,565</u>	
		\$ <u>1,135,869</u>	\$ <u>1,135,869</u> \$	

16. Financial instruments

Springboard is exposed to various risks through its financial instruments. The following analysis provides a measure of the Organization's risk exposure at the balance sheet date, which remains unchanged from the prior year.

Credit risk

Credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation. Springboard's main credit risk exposure is with respect to its accounts receivable. The carrying amount of cash and restricted cash, and accounts receivable on the balance sheet represents Springboard's maximum credit exposure at the balance sheet date.

March 31, 2020

17. Financial instruments (continued)

Liquidity risk

Liquidity risk is the risk that the Organization will encounter difficulty in meeting obligations associated with financial liabilities. Springboard is exposed to this risk mainly in respect of its accounts payable and accrued liabilities, and mortgages payable. The Organization expects to meet these obligations as they come due.

Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and price risk. The Organization is not subject to currency or price risk.

Interest rate risk

Interest rate risk arises from the possibility that changes in interest rates will affect the value of fixed income investments held and mortgages payable by the Organization. Changes in the prime interest rate will have a positive or negative impact on Springboard's interest income.

18. Expense related to Covid-19

Since January 2020, the worldwide spread of COVID-19 has severely impacted the operations of businesses and organizations globally. Following the advice and directives of Toronto Public Health and the provincial and federal governments, Springboard implemented contingency plans in March 2020 to protect the safety of their clients, staff, and community and did their part to slow the spread of COVID-19. Therefore, Springboard employees that were able to, worked from home and where possible, some programs temporarily adapted to operate virtually, and some employees were redeployed to other programs, with additional training provided for redeployed employees. Springboard provides essential services at Youth Justice and Developmental Services residences where additional preventative measures were enacted, including providing personal protective equipment for front line staff, and other measures as outlined by Toronto Public Health. In addition, Springboard provided an Emergency Allowance for front line and management staff working in Developmental Services Residences and Youth Justice Residences for work during the month of March 2020. All these actions caused the extra emergency expenditures for COVID-19 for the Organization. In addition to the impact just described, the impact on the financial position and results of the Organization, if any, for future periods cannot be reliably estimated. The total emergency expenditures for 2020 fiscal is \$105,676, including \$96,340 for programs, and \$9,336 for program administration and supports.

Community Justice	\$ 17,441
Employment services	46,730
